**One lane of Puhi Road to close for four months
Only southbound traffic allowed on the roadway starting June 27**

PUHI – The public is advised that the first phase of the Puhi Road Rehabilitation project will kick into high gear next week. Traffic in the area will be impacted.

Starting Monday, June 27, one lane of Puhi Road will be closed for four months. During the lane closure, only southbound traffic traveling away from Kaumuali'i Highway will be allowed on the roadway.

Northbound motorists will be directed to take a detour that follows Kaneka Street and Nuhou Street to Kaumuali'i Highway.

Motorists should seek alternate routes, follow all traffic control signs and allow extra time to get to their destinations.

The \$3.6 million project is expected to be completed early next year weather permitting.

The project will include full-depth reconstruction using Portland cement to support the heavy truck traffic on the roadway. The project also includes the installation of sidewalks and bike lanes, as well as drainage improvements.

Anyone with questions can call Drayko Construction at 808-206-0162.
